Protective Barrier Wipes

Protective Barrier Wipes is a liquid film-forming dressing that, upon application to intact skin, forms a protective film to help reduce friction during removal of tapes and films. It leaves a thin breathable film on the skin, which protects it against potential damage. It dries within seconds and does not build up residue on the skin, leaving it ready to apply with a new barrier.

The wipe's unique packaging makes it practical for traveling or use on-the-go. The product is according to FDA and CE (MDR) regulation.

Item No.	Description	Pkg.
54W211-1205-000	Protective Wipes	50 pc/bx, 40 bx/cs
54W211-1206-000	Protective Wipes	100 pc/bx, 20 bx/cs

Adhesive Remover Wipes

Adhesive Remover Wipes is a uniquely formulated solution which ensures pain-free removal of medical adhesive products. It is a non-invasive medical device that aids removal from intact skin, including:

1. Adhesive Tapes
2. Wound Dressings
3. Stoma Pouches

The product is according to FDA and CE (MDR) regulation.

Item No.	Description	Pkg.
54W209-1205-000	Adhesive Wipes	50 pc/bx, 40 bx/cs
54W209-1206-000	Adhesive Wipes	100 pc/bx, 20 bx/cs
